All grooming fees go directly to support The Gabriel Foundation. Please see reverse side for important waiver release information.

GROOMING RELEASE WAIVER

I hereby request that my bird(s), as listed on the reverse side of this page, be groomed. I understand that the grooming donation includes WING FEATHER TRIM, NAIL TRIM and, if necessary, MINOR BEAK SHAPING, as requested or determined by the groomer. I understand "BEAK TRIMS" are not appropriate as part of routine grooming. Any significant BEAK SHAPING will not be done except under the care and direction of a doctor of veterinary medicine (DVM).

Initials _____

I understand that, while a DVM may be administering the grooming procedure, a physical exam will not be performed. If a physical exam is requested, it is my responsibility to schedule an appointment with the DVM at the DVM's clinic. The Gabriel Foundation and The Birdbrain are unable to provide this service.

Initials _____

I understand that the grooming procedure itself does carry some risk to the bird(s). Undiagnosed, non-clinical, asymptomatic underlying disease processes may render the bird(s) susceptible to injury and/or sudden death. Should this happen, I agree NOT to hold The Gabriel Foundation and The Birdbrain liable.

Initials _____

I understand that the DVM and/or groomer reserves the right to refuse to perform grooming based on the visual exam of the bird or the bird history as presented.

Initials _____

Our expertise in caring for your bird is veterinary-supervised. Your birds deserve compassionate handling, restraint, and species-appropriate grooming in a clean and safe environment. Grooming by a licensed veterinarian with a special interest in avian medicine is available at The Gabriel Foundation on the 1st and 3rd Saturdays of every month at 1025 Acoma Street (Denver), and on the 3rd Sunday of each month at the Aviary and Adoption Center (Elizabeth). Whether your bird is groomed by TGF's veterinarian, **Noel Opitz, DVM**, or **Kris Ahlgrim, DVM**, of GoldenView Veterinary Hospital, you can be assured that you and your bird will receive the best information about nutrition and planning for your bird's veterinary needs. Your bird will be treated as a beloved family member with considerate handling, clean, fresh towels, species-appropriate grooming, weight monitoring, and a chance to ask the vet a question or two about your feathered friend. Our thanks to Dr. Ahlgrim who generously donates her time and expertise in support of The Gabriel Foundation and to Dr. Noel Opitz for her diligent supervision in caring for your birds.

Are you a member of The Gabriel Foundation?

Consider joining TODAY and enjoy great benefits, including discounts on shopping and services.
Put your compassion for parrots into action and support parrot welfare.

Remember that your birds are treated like family at The Gabriel Foundation ...
