Please check the species and payment arrangement of your choice. We will email you updates and photos of your sponsored bird yearly, or more often upon request. The donations that you make go for daily, long-term care. Your contributions pay for:

- ❖ Daily hands-on care by a trained staff and Certified Veterinary Technician
- ❖ Nutritious, well balanced diets
- ❖ Indoor & Outdoor psychologically enriched environments
- ❖ Medical care by experienced avian veterinarians.

The above amounts reflect *minimum* annual support amounts for each bird; your generosity helps us to provide the very best in care for the flock. Please know that birds may have the support of more than one sponsor, which we gratefully appreciate. To provide enrichment, indoor housing and roomy, outdoor flights, we continue to improve the amenities provided to TGF's flock, and improvements are costly.

Please consider this challenge, *"If not me, who? If not now, when?"* We need your financial support to help us care for the 400+ parrots according to the mission and purpose and Standards of Care of The Gabriel Foundation. In order for us to continue to help parrot into the future, it is critical that we receive your financial support now.
